Release: 1

Assessment Requirements for AMPR313 Order stock in a meat enterprise

Modification History

Release	TP Version	Comment
1	AMPv1.0	Initial release

Performance Evidence

Evidence must demonstrate the candidate's consistency of performance over time.

The candidate must:

- apply problem-solving skills where necessary
- work with team members and individually
- demonstrate communication and mathematical skills in regard to:
 - maintaining delivery and supply records
 - maintaining stock ordering and recording system
 - processing or raising stock orders
 - stock distribution records
- apply workplace requirements in regard to:
 - current and future stock levels
 - existing suppliers
 - quality control procedures and requirements
 - range of stock
 - workplace merchandising and marketing
- apply relevant workplace health and safety and regulatory requirements

Knowledge Evidence

The candidate must demonstrate a factual, technical, procedural and theoretical knowledge of:

- workplace requirements in regard to:
 - current and future stock levels
 - existing suppliers
 - quality control procedures and requirements
 - range of stock
 - workplace merchandising and marketing
- relevant workplace health and safety and regulatory requirements

Assessment Conditions

Competency must be demonstrated over time and under typical operating and production conditions for the enterprise.

Assessment must occur in the workplace under normal operating conditions.

The following three forms of assessment must be used:

- demonstration in the workplace or simulated environment
- quiz of underpinning knowledge
- workplace referee or third-party report of performance over time

Assessors must satisfy current standards for RTOs.
