Assessment Requirements for AMPS101 Handle materials and products

Release: 1

Assessment Requirements for AMPS101 Handle materials and products

Modification History

Release	TP Version	Comment
1	AMPv2.0	Initial release

Performance Evidence

The candidate must handle raw materials and products in a meat establishment.

The candidate must:

- handle meat products safely and hygienically, and in accordance with the work instruction
- handle raw materials safely and hygienically, and in accordance with the work instruction
- maintain a clean holding room
- check work for accuracy
- identify problems and refer to the appropriate person for resolution
- use communication and mathematical skills relevant to work instructions and Standard Operating Procedures (SOPs)
- work at the level of speed and accuracy required by the enterprise

Knowledge Evidence

The candidate must demonstrate a basic functional knowledge of:

- the work instruction
- relevant workplace, health and safety, and regulatory requirements

Assessment Conditions

Competency must be demonstrated over time and under typical operating conditions for the enterprise. Assessment must occur in the workplace under normal production conditions.

As a minimum, the following three forms of assessment must be used:

- workplace demonstration
- quiz, question and answer
- workplace referee's observation of performance over time

Assessors must satisfy the current standards for RTOs.
