AMPS102 Pack smallgoods product

Release: 1

AMPS102 Pack smallgoods product

Modification History

Release	TP Version	Comment
1	AMPv2.0	Initial release

Application

This unit describes the skills and knowledge required to hand weigh, arrange and bag meat products as required.

This unit may be required by operators working in the packing area of a smallgoods plant.

All work should be carried out to comply with workplace and hygiene requirements.

This unit applies to individuals who work under general supervision, exercise limited autonomy and have some accountability for their own work.

No occupational licensing, legislative or certification requirements are known to apply to this unit at the time of publication.

This unit must be delivered and assessed in the context of Australian meat industry standards and regulations.

Pre-requisite Unit

Nil.

Unit Sector

Elements and Performance Criteria

Element	Performance criteria
Elements describe the essential outcomes.	Performance criteria describe the performance needed to demonstrate achievement of the element.
1. Weigh product	1.1 Inspect and grade product according to workplace requirements 1.2 Handle product outside specifications according to workplace requirements 1.3 Take corrective action according to workplace requirements if product is outside specifications 1.4 Weigh product according to workplace, hygiene and sanitation,

Element	Performance criteria
	Quality Assurance (QA) and regulatory requirements, where part of work instructions
2. Arrange product	2.1 Arrange product according to workplace, hygiene and sanitation, QA and regulatory requirements, where part of work instructions
3. Bag and seal product	3.1 Bag product according to workplace, hygiene and sanitation QA and regulatory requirements, where part of work instructions
4. Inspect product	4.1 Inspect product for defects according to workplace, hygiene and sanitation, QA and regulatory requirements, where part of work instructions 4.2 Take appropriate action for defects according to workplace requirements
5. Place product into container	5.1 Prepare product for containers according to workplace, hygiene and sanitation, QA and regulatory requirements 5.2 Pack product into containers according to workplace, hygiene and sanitation, QA and regulatory requirements

Foundation Skills

Foundation Skills essential to performance are explicit in the performance criteria of this unit of competency.

Range of Conditions

Unit Mapping Information

This unit is equivalent to MTMS102C Pack smallgoods product.

Assessment Requirements for AMPS102 Pack smallgoods product

Modification History

Release	TP Version	Comment
1	AMPv2.0	Initial release

Performance Evidence

The candidate must hand-weigh, arrange and bag meat products in a meat processing establishment.

The candidate must:

- inspect and grade of a variety of products prior to packaging
- accurately weigh a variety of products
- package and arrange product into containers according to workplace requirements
- bag and seal product to workplace, hygiene and sanitation, and QA requirements
- inspect bagged product for defects and take appropriate action for defects
- apply relevant workplace health and safety requirements
- use communication and mathematical skills relevant to work instructions and Standard Operating Procedures (SOPs)

Knowledge Evidence

The candidate must demonstrate a basic functional knowledge of:

- process for inspection and grading of meat prior to packaging and the action to be taken if meat is outside specifications
- procedures for packing products into containers for a variety of different products
- bagging requirements for a variety of products
- labelling requirements
- requirements for inspecting bagged products and the action to be taken if defects are found
- relevant workplace health and safety requirements

Assessment Conditions

Competency must be demonstrated over time and under typical operating conditions for the enterprise. Assessment must occur in the workplace under normal operating conditions.

As a minimum, the following three forms of assessment must be used:

- quiz of underpinning knowledge

- workplace demonstration
- workplace referee or third-party report of performance over time

Assessors must satisfy the current standards for RTOs.
