Assessment Requirements for AMPS303 Fill casings

Release: 1

Assessment Requirements for AMPS303 Fill casings

Modification History

Release	TP Version	Comment
1	AMPv2.0	Initial release

Performance Evidence

Candidates must consistently fill casings to workplace requirements.

Candidates must:

- follow the requirements of the work instruction
- work at production speed
- identify casing size requirement according to product specifications
- identify casing size requirements for specific products in regard to length, weight and diameter
- prepare casings to product specifications and workplace procedures
- identify possible faults in natural and synthetic casings
- correctly fill a range of product lines in terms of:
 - casing
 - clips
 - length
 - tension
 - weight
- perform filling to required product specifications
- identify over-filled and under-filled products
- identify, remove and report defective product according to workplace procedures
- match clip size to casing
- apply communication and mathematical skills relevant to work instructions and Standard Operating Procedures (SOPs)
- describe storage requirements of soaked casings carried over from production
- explain storage requirements of both natural and synthetic casings

Knowledge Evidence

The candidate must demonstrate a factual, technical, procedural and theoretical knowledge of:

- procedures followed to set up filling machine to correct specifications
- appropriate corrective action for:

- casing breakages and bent nozzles
- jammed clips or loops
- poorly-printed casings
- storage requirements of soaked casings carried over from production
- filling yield of various sizes and types of casings
- purpose of each phase of casing preparation
- possible faults in skins and explain their effect on the product
- relevant regulatory requirements

Assessment Conditions

Competency must be demonstrated over time and under typical operating conditions for the enterprise.

Assessment must occur in the workplace under normal production conditions.

As a minimum, the following three forms of assessment must be used:

- quiz of underpinning knowledge
- workplace demonstration
- workplace referee or third-party report of performance over time

Assessors must satisfy the current standards for RTOs.
