Assessment Requirements for AMPS309 Operate product forming machinery

Release: 1

Assessment Requirements for AMPS309 Operate product forming machinery

Modification History

Release	TP Version	Comment
1	AMPv2.0	Initial release

Performance Evidence

Candidates must operate and control a production line using product-forming machinery.

Candidates must:

- follow the requirements of the work instruction
- work at production speed
- set up processing equipment to workplace requirements
- operate machinery to ensure that product consistently meets required specifications
- take appropriate corrective action as required
- follow production documentation requirements and procedures
- apply communication and mathematical skills relevant to work instructions and Standard Operating Procedures (SOPs)
- observe relevant Quality Assurance (QA) and inspection procedures and systems
- apply relevant workplace health and safety, regulatory and workplace requirements

Knowledge Evidence

The candidate must demonstrate a factual, technical, procedural and theoretical knowledge of:

- relevant QA and inspection procedures and systems
- materials and equipment specifications
- Standard Operating Procedures (SOPs)
- food safety and Hazard Analysis Critical Control Points HACCP requirements
- precautions necessary to ensure safety
- how output is maximised while still meeting quality and safety requirements
- limits of authority
- tolerance allowable in the quality system and when action should be taken
- production documentation requirements and procedure
- relevant workplace health and safety, regulatory and workplace requirements
- potential dangers in specific plant and equipment

Assessment Conditions

Competency must be demonstrated over time and under typical operating and production conditions for the enterprise.

Assessment must occur in the workplace under normal production conditions.

As a minimum, the following three forms of assessment must be used:

- quiz of underpinning knowledge
- workplace demonstration
- workplace referee or third-party report of performance over time

Assessors must satisfy the current standards for RTOs.
