|-----------|-----------------------------------------------------------------------------------------|
| Release 1 | This version released with AMP Australian Meat Processing Training Package Version 8.0. |

### Description

This skill set is designed to cover the meat industry skills and knowledge that are essential as a pathway into Certificate IV qualifications from the AMP Australian Meat Industry Training Package.

### Pathways Information

These units of competency provide credit towards a number of qualifications in the AMP Australian Meat Processing Training Package, including AMP30622 Certificate III in Meat Processing.

### Licensing/Regulatory Information

No licensing, legislative or certification requirements apply to this skill set at the time of publication.

### Skill Set Requirements

- AMPQUA301 Comply with hygiene and sanitation requirements
- AMPQUA302 Maintain food safety and quality programs
- AMPWHS301 Contribute to workplace health and safety processes

### Target Group

This skill set is for individuals who are new to the meat industry, who have demonstrated the aptitude for Certificate IV level training and assessment, but who require a base level of industry skills and knowledge as a pathway into Certificate IV qualifications.

### Suggested words for Statement of Attainment

These competencies from the *AMP Australian Meat Processing Training Package*, meet the requirements for those entering the meat industry who may progress onto qualifications at Certificate IV level in meat processing or meat safety inspection.
