Release: 1

AMPX314 Handle meat product in cold stores

Modification History

Release	Comments
Release 1	This version released with AMP Australian Meat Processing Training Package Version 4.0.

Application

This unit of competency describes the skills and knowledge required to handle chilled and/or frozen meat products while in storage after receipt, and before despatch.

The unit applies to operators working in cold stores who handle chilled and/or frozen meat products.

All work must be carried out to comply with workplace procedures according to state/territory health and safety and food safety regulations, legislation and standards that apply to the workplace.

No licensing, legislative or certification requirements apply to this unit at the time of publication.

Pre-requisite Unit

Nil

Unit Sector

All meat processing sectors
