Assessment Requirements for AMPX428 Plan, conduct and report a workplace incident investigation

Release: 1

Assessment Requirements for AMPX428 Plan, conduct and report a workplace incident investigation

Modification History

Release	Comments
Release 1	This version released with AMP Australian Meat Processing Training Package Version 4.0.

Performance Evidence

An individual demonstrating competency must satisfy all of the elements and performance criteria in this unit.

The individual must plan, conduct and report on at least one complete workplace incident investigation and there must be evidence that the individual has:

- developed and documented a plan to investigate an incident
- collected, documented and analysed data and information relevant to an investigation
- ensured that all individuals in the investigation team have understood and followed required processes
- prepared and communicated the investigation report to relevant parties, including:
 - identified the root cause, key events, conditions and/or circumstances that resulted in the incident
 - detailed interventions and practical measures to prevent the reoccurrence of the incident.

Knowledge Evidence

An individual must be able to demonstrate the knowledge required to perform the tasks outlined in the elements and performance criteria of this unit. This includes knowledge of:

- relevant legislation
- relevant policies and procedures for incident management and investigation
- investigation procedures
- report writing procedures
- ethical considerations when conducting investigations
- types and characteristics of incidents that may occur in a meat or food processing workplace.

Assessment Conditions

Assessment of skills must take place under the following conditions:

- physical conditions:
 - skills must be demonstrated in the workplace or an environment that accurately represents workplace conditions
- resources, equipment and materials:
 - workplace policies, procedures, forms and records relevant to workplace incidents
 - access to personnel involved in a workplace incident
- specifications:
 - workplace documents such as policies, procedures, processes and forms
 - use of workplace instructions/job specifications/client briefs
 - access to specific legislation/codes of practice
- relationships:
 - team member(s)
 - supervisor(s).

A minimum of three different forms of assessment must be used.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
