Assessment Requirements for AMPX431 Oversee meat processing establishment's Halal compliance

Release: 1

Assessment Requirements for AMPX431 Oversee meat processing establishment's Halal compliance

Modification History

Release	Comments
Release 1	This version released with AMP Australian Meat Processing Training Package Version 5.0.

Performance Evidence

An individual demonstrating competency must satisfy all of the elements and performance criteria in this unit.

There must be evidence that the individual has contributed to the enterprise's approved Halal status on least one occasion by:

- successfully gaining initial certification, or
- satisfactorily retaining processing approvals after a customer, Approved Islamic Organisation, government jurisdiction or external audit.

The individual must have at least once:

- documented an analysis of applicable Halal requirements
- assessed, developed or updated internal policies and procedures and systems to meet Halal requirements.

Knowledge Evidence

An individual must be able to demonstrate the knowledge required to perform the tasks outlined in the elements and performance criteria of this unit. This includes knowledge of:

- Halal certification, slaughtering and production processes, and their relationship with food safety and animal welfare
- methods of accurately identifying customer requirements for Halal processing, including those stated in the meat industry Manual of Importing Country Requirements (MICO R)
- Australian government (state and federal), religious and representative groups and their roles and responsibilities with respect to Halal processing requirements
- applicable legislation, regulations, standards and codes of practice relating to Halal production
- methods of maintaining currency of knowledge in order to ensure system compliance.

Assessment Conditions

Assessment of the skills in this unit of competency must take place under the following conditions:

- physical conditions:
 - skills must be demonstrated in a meat industry workplace that is a Halal approved processing establishment or in the process of preparing for Halal approval
- resources:
 - implementation guides available through the Approved Islamic Organisation for export, or Islamic organisation responsible for domestic certification
 - workplace documents such as forms
- specifications:
 - organisational policies and procedures relevant to Halal processing
 - requirements for Halal processing approval
 - customer requirements.

A minimum of three forms of evidence must be used.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
