AUR21926 Certificate II in Automotive Tyre Servicing Technology

AUR21926 Certificate II in Automotive Tyre Servicing Technology

Modification History

Release	Comments
1	This qualification was first released in AUR Automotive Retail, Service and Repair Training Package Release 9.0.

Qualification Description

This qualification reflects the role of individuals who perform a range of tasks on tyres in the automotive retail, service and repair industry.

Licensing/Regulatory Information

No licensing, legislative or certification requirements apply to this qualification at the time of publication.

Entry Requirements

Nil.

Packaging Rules

Total number of units = 14

6 core units, plus

8 elective units, of which:

All units in one of the Specialist Elective Groups A to D must be selected:

- *Group A: Light Vehicle Tyres*
- *Group B: Heavy Vehicle Tyres*
- *Group C: Agricultural Equipment Tyres*
- *Group D: Earthmoving and Off-the-Road Vehicle Tyres*

Specialisation - Certificate II in Automotive Tyre Servicing Technology (Light Vehicle Tyres)

6 core units, plus

8 elective units, of which:

- Select all 4 units from Group A: Light Vehicle Tyres, plus
- of the remaining 4 units required to make up the elective unit total:

- all may be from the Specialist Elective Groups and general elective units listed below
- up to 2 may be from a Certificate I or Certificate II qualification in this Training Package or another endorsed Training Package or accredited course.

Elective units chosen must be relevant to the work environment and the qualification, maintain the overall integrity of the AQF alignment, not duplicate the outcome of another unit chosen for the qualification, and contribute to a valid vocational outcome.

Specialisation - Certificate II in Automotive Tyre Servicing Technology (Heavy Vehicle Tyres)

6 core units, plus

8 elective units, of which:

- Select all 3 units from Group B: Heavy Vehicle Tyres, plus
- of the remaining 5 units required to make up the elective unit total:
 - all may be from the Specialist Elective Groups and general elective units listed below
 - up to 2 may be from a Certificate I or Certificate II qualification in this Training Package or another endorsed Training Package or accredited course.

Elective units chosen must be relevant to the work environment and the qualification, maintain the overall integrity of the AQF alignment, not duplicate the outcome of another unit chosen for the qualification, and contribute to a valid vocational outcome.

Specialisation - Certificate II in Automotive Tyre Servicing Technology (Agricultural Equipment Tyres)

6 core units, plus

8 elective units, of which:

- Select all 4 units from Group C: Agricultural Equipment Tyres, plus
- of the remaining 4 units required to make up the elective unit total:
 - all may be from the Specialist Elective Groups and general elective units listed below
 - up to 2 may be from a Certificate I or Certificate II qualification in this Training Package or another endorsed Training Package or accredited course.

Elective units chosen must be relevant to the work environment and the qualification, maintain the overall integrity of the AQF alignment, not duplicate the outcome of another unit chosen for the qualification, and contribute to a valid vocational outcome.

Specialisation - Certificate II in Automotive Tyre Servicing Technology (Earthmoving and Off-the-road Vehicle Tyres)

6 core units, plus

8 elective units, of which:

- Select all 5 units from Group D: Earthmoving and Off-the-Road Vehicle Tyres, plus

- of the remaining 3 units required to make up the elective unit total:
 - all may be from the Specialist Elective Groups and general elective units listed below
 - up to 2 may be from a Certificate I or Certificate II qualification in this Training Package or another endorsed Training Package or accredited course.

Elective units chosen must be relevant to the work environment and the qualification, maintain the overall integrity of the AQF alignment, not duplicate the outcome of another unit chosen for the qualification, and contribute to a valid vocational outcome.

The achievement of a specialisation will be identified on testamurs as follows:

AUR21926 Certificate II in Automotive Tyre Servicing Technology (Light Vehicle Tyres)

AUR21926 Certificate II in Automotive Tyre Servicing Technology (Heavy Vehicle Tyres)

AUR21926 Certificate II in Automotive Tyre Servicing Technology (Agricultural Equipment Tyres)

AUR21926 Certificate II in Automotive Tyre Servicing Technology (Earthmoving and Off-the-Road Vehicle Tyres)

Core Units

- AURAEA002 Follow environmental and sustainability best practice in an automotive workplace
- AURAF A001 Use numbers in an automotive workplace
- AURAF A002 Read and respond to automotive workplace information
- AURAF A103 Communicate effectively in an automotive workplace
- AURASA102 Follow safe working practices in an automotive workplace
- AURTTK102 Use and maintain tools and equipment in an automotive workplace

Specialist Elective Units

Group A: Light Vehicle Tyres

- AURLTJ111 Select light vehicle wheels and tyres
- AURLTJ202 Remove, inspect, repair and refit light vehicle tyres
- AURLTJ213 Remove, inspect and refit light vehicle wheel and tyre assemblies
- AURTTJ111 Balance wheels and tyres

Group B: Heavy Vehicle Tyres

- AURHTJ202 Select heavy vehicle tyres, wheels and rims
- AURHTJ203 Remove, inspect and refit heavy vehicle wheel and tyre assemblies
- AURHTJ206 Remove, inspect, repair and refit heavy vehicle tyres

Group C: Agricultural Equipment Tyres

- AURHTJ008 Select agricultural equipment tyres, wheels and rims

- AURHTJ009 Remove, inspect and refit agricultural equipment wheel and tyre assemblies
- AURHTJ204 Remove, inspect, repair and refit agricultural equipment tyres and tubes
- RIIRIS201E Conduct local risk control

Group D: Earthmoving and Off-the-Road Vehicle Tyres

- AURKTJ111 Remove, inspect and fit earthmoving and off-the-road tyres
- AURKTJ112 Remove, inspect and fit earthmoving and off-the-road wheel and rim assemblies
- AURKTJ115 Select earthmoving and off-the-road tyres, wheels and rim assemblies
- AURKTJ116 Use earthmoving and off-the-road tyre handlers
- RIIRIS201E Conduct local risk control

General Elective Units

- AURATA001 Identify basic automotive faults using troubleshooting processes
- AURETR115 Inspect, test and service batteries
- AURHTD104 Carry out heavy vehicle wheel alignment operations
- AURHTJ107 Remove, inspect, repair and refit industrial tyres and tubes
- AURJTJ001 Remove, inspect and refit motorcycle wheel and tyre assemblies
- AURJTJ102 Remove, inspect, repair and refit motorcycle tyres and tubes
- AURKKJ001 Manage use of tyre management software
- AURLTD106 Carry out light vehicle wheel alignment operations
- AURKTJ113 Perform minor repairs to earthmoving and off-the-road tyres
- AURTTA104 Carry out servicing operations
- AURTTB101 Inspect and service braking systems
- AURTTD002 Inspect and service steering systems
- AURTTD004 Inspect and service suspension systems
- AURTTJ012 Remove, inspect and refit wheel hubs and associated brake components
- RIICOM201E Communicate in the workplace
- RIIQUA201E Maintain and monitor site quality standards
- RIIWHS201E Work safely and follow WHS policies and procedures
- RIIWHS204E Work safely at heights
- TLID3011 Conduct specialised forklift operations
- TLILIC0003 Licence to operate a forklift truck

Pre-requisite Requirements

There are no prerequisite requirements for this qualification.
