# **Assessment Requirements for AURHTJ004 Remove, inspect, repair and refit agricultural equipment tyres and tubes**

**Release: 1**

## Assessment Requirements for AURHTJ004 Remove, inspect, repair and refit agricultural equipment tyres and tubes

### Modification History

| Release   | Comment                 |
|-----------|-------------------------|
| Release 1 | New unit of competency. |

### Performance Evidence

Before competency can be determined, individuals must demonstrate they can perform the following according to the standards defined in this unit's elements, performance criteria, range of conditions and foundation skills:

- remove, inspect, repair and refit agricultural tyres and tubes, including:
  - two tyres and tubes fitted to split or multi-piece wheels
  - two tyres and tubes fitted to drop centre wheels.

### Knowledge Evidence

Individuals must be able to demonstrate knowledge of:

- work health and safety (WHS) and occupational health and safety (OHS) relating to agricultural tyres and tubes, including procedures for:
  - deflating and inflating tyres on agricultural equipment
  - raising and supporting machinery on unstable surfaces
  - manual handling when lifting wheel assemblies
  - removing, repairing and refitting tyres and tubes
- environmental requirements, including procedures for trapping and disposing of tyre material produced during repair procedures
- procedures for removing, inspecting, repairing and refitting tyres and tubes, including:
  - rim or hub mounted multi-piece rims
  - one piece wheels
- types and applications of tyres, tubes, wheels and rims, including:
  - radial and bias ply tyres
  - tubed and tubeless tyres
  - rim or hub mounted multi-piece wheels

- one piece wheels
- types, application and operation of tyre changing equipment and tyre and tube repair equipment
- post-fitting procedures and checks of agricultural tyres and tubes.

## Assessment Conditions

Assessors must satisfy NVR/AQTF assessor requirements.

Competency is to be assessed in the workplace or a simulated environment that accurately reflects performance in a real workplace setting.

Assessment must include direct observation of tasks.

Where assessment of competency includes third-party evidence, individuals must provide evidence that links them to the agricultural tyres and tubes that they have worked on, e.g. repair orders.

Assessors must verify performance evidence through questioning on skills and knowledge to ensure correct interpretation and application.

The following resources must be made available:

- automotive repair workplace or simulated workplace
- workplace instructions
- manufacturer tyre and tube repair procedures and specifications
- agricultural tyres and tubes specified in the performance evidence
- tools, equipment and materials appropriate for removing, inspecting, repairing and fitting agricultural tyres and tubes, including:
  - tyre and tube repair tools and equipment
  - tyre and tube repair consumables
  - tyre changing tools and equipment.
