Assessment Requirements for AURMGA001 Set up and dismantle temporary work location and equipment at motor sport events

Modification History

Release	Comment
Release 1	New unit of competency.

Performance Evidence

Before competency can be determined, individuals must demonstrate they can perform the following according to the standards defined in this unit's elements, performance criteria, range of conditions and foundation skills:

- correctly set up and dismantle a temporary work location at three different motor sport event locations, including one sanctioned motor sport event.

Knowledge Evidence

Individuals must be able to demonstrate knowledge of:

- work health and safety (WHS) and occupational health and safety (OHS) requirements relating to setting up and dismantling a temporary work location and equipment at a motor sport event, including procedures for:
 - selecting and using personal protective equipment (PPE)
 - identifying hazards and managing risks
- key requirements of motor sport event category rules and supplementary regulations
- principles and functionality requirements of the layout of temporary work shelter, including:
 - workflow of pit lane and service area operations
 - tooling and equipment required for specific events
 - methods of monitoring effectiveness of area layout
- temporary shelter assembly and erection methods and techniques, including procedures for:
 - positioning equipment for ease of access, security, logical workflow and ergonomic use
 - setting up equipment for safe and effective operation, including:
 - correct boom height

- securing gas bottles
- securing service area moorings.

Assessment Conditions

Assessors must satisfy NVR/AQTF assessor requirements.

Competency is to be assessed in the workplace or a simulated environment that accurately reflects performance in a real workplace setting.

Assessment must include direct observation of tasks.

Where assessment of competency includes third-party evidence, individuals must provide evidence that links them to the motor sport events in which they have set up and dismantled temporary work locations and equipment, e.g. event sign-on sheet.

Assessors must verify performance evidence through questioning on skills and knowledge to ensure correct interpretation and application.

The following resources must be made available:

- three different motor sport events, including one sanctioned event
- motor sport event officiating documentation, including rules and regulations, safety procedures and event procedures
- site instructions
- temporary shelter
- temporary shelter specifications and erection procedures
- tools, equipment and materials appropriate for erecting temporary shelter
- tools and equipment appropriate for setting up and dismantling temporary work locations and equipment at specific motor sport events.
