| Release 1 | This version first released with AUR Automotive Retail, Service and Repair Training Package Version 6.0 |

## Performance Evidence

The candidate must demonstrate the ability to complete the tasks outlined in the elements, performance criteria and foundation skills of this unit, including evidence of the ability to:

- meet team personal presentation requirements throughout three different motor sport events, which must include one of each of the following:
  - workshop
  - competition event
  - promotional activity
- develop a personal résumé, including detailed statements of the following:
  - qualifications and training
  - experience in the motor sport industry
  - relevant experience beyond the motor sport industry
  - testimony from employers, colleagues or training bodies
- develop a personal health and fitness plan, including detailed statements of the following:
  - three strategies for managing nutrition needs that demonstrate a knowledge of recommended nutritional intake
  - one strategy for increasing personal fitness in each of the following:
    - flexibility
    - cardiovascular fitness
    - muscular strength and endurance
  - three stress management strategies
- demonstrate conflict resolution strategies during one of the following situations at one motor sport event:
  - tight timeframes or extended work hours
  - different work styles
  - persons external to the team.

## Knowledge Evidence

The candidate must be able to demonstrate knowledge to complete the tasks outlined in the elements, performance criteria and foundation skills of this unit, including knowledge of:

- methods to locate and interpret information required to manage personal presentation and development in a motor sport environment, including:
  - information provided by customer and supervisors
  - manufacturer specifications and procedures or equivalent documentation
  - online resources
  - industry contacts
- workplace procedures required to manage personal presentation and development in a motor sport environment, including:
  - documentation procedures
- personal presentation standards, including:
  - team roles, responsibilities and relationships
  - motor sport sectors and categories
  - presentation standards of motor sport team roles, including hair, clothes, personal hygiene, posture, body language and speech
- types of career paths in motor sport
- methods for identifying personal strengths, including:
  - positive attitude to succeed in motor sport
  - strategies that maximise effectiveness of personal learning
- key features of goal setting methods, such as specific, measurable, achievable, realistic, and timely (SMART)
- key features for developing personal learning management program, including:
  - developing résumé
  - identifying and catering for different learning styles when working together in teams
- key features of personal health and fitness plans, including:
  - human nutritional requirements, food groups and their effect on the human body, including specific nutritional requirements for functioning in a motor sport environment
  - impact of legal and illegal drugs on the human body and their implications in motor sport
  - principles of physical fitness, and fitness requirements for functioning effectively in a motor sport environment
- key features of personal conflict resolution strategies and techniques, including:
  - common causes of conflict within a motor sport team environment
  - communication principles and techniques
  - group dynamics in high pressure environments.

## Assessment Conditions

Competency is to be assessed in the workplace or a simulated environment that accurately reflects performance in a real workplace setting.

Assessment must include direct observation of tasks.

Where assessment of competency includes third-party evidence, individuals must provide evidence that links them to having managed their personal presentation and development in a motor sport environment, e.g. own résumé.

Assessors must verify performance evidence through questioning on skills and knowledge to ensure correct interpretation and application.

The following resources must be made available:

- motor sport workshop, competition event and promotional activity
- computer with word processing capabilities.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
