Assessment Requirements for AURMLA003 Inspect vehicles and equipment at motor sport events for compliance

Assessment Requirements for AURMLA003 Inspect vehicles and equipment at motor sport events for compliance

Modification History

Release	Comment
Release 1	New unit of competency.

Performance Evidence

Before competency can be determined, individuals must demonstrate they can perform the following according to the standards defined in this unit's elements, performance criteria, range of conditions and foundation skills:

- inspect two different motor sport vehicles and their equipment at two different events and determine vehicle and driver compliance with eligibility and safety criteria for the particular event category in which they are entered.

Knowledge Evidence

Individuals must be able to demonstrate knowledge of:

- work health and safety (WHS) and occupational health and safety (OHS) requirements relating to acting as a scrutineer at a motor sport event, including procedures for:
 - selecting and using personal protective equipment (PPE)
 - lifting and supporting vehicles
 - using safety devices, including fire protection, safety cage, roll bars and safety harness
 - identifying hazards and managing risks associated with controlling public access to scrutineering area
- motor sport events in performance evidence, including:
 - code of conduct
 - organisational structures of events, including authority and communication lines
 - category rules and supplementary regulations of events
- types, characteristics and operating principles of vehicle mechanical systems, including brakes, exhaust, steering and driveline
- key characteristics of motor sport scrutineering, including:
 - responsibilities and tasks of a scrutineer
 - protocols for communicating with other officials

- scrutineering procedures for motor sport vehicles
- personal preparation, resources and equipment required for scrutineering
- procedures for examining vehicles and equipment for mechanical and safety compliance, including:
 - safe operation of testing and measuring instruments and equipment
 - types of scrutineering reports and methods of completing the reports, including procedures for reporting non-compliance and incidents
- organisational policies and procedures relating to motor sport scrutineering suitable to the event type, location and organising body, including:
 - ethical requirements
 - emergency response procedures
 - reporting and recording procedures
 - planning processes for events.

Assessment Conditions

Assessors must satisfy NVR/AQTF assessor requirements.

Competency is to be assessed in the workplace or a simulated environment that accurately reflects performance in a real workplace setting.

Assessment must include direct observation of tasks.

Where assessment of competency includes third-party evidence, individuals must provide evidence that links them to having inspected compliance of motor sport drivers, vehicles and equipment with motor sport event rules and regulations, e.g. event sign-on sheet.

Assessors must verify performance evidence through questioning on skills and knowledge to ensure correct interpretation and application.

The following resources must be made available:

- two different motor sport events
- motor sport event scrutineering documentation, including rules and regulations, safety procedures and event procedures
- two different motor sport competition vehicles requiring scrutineering
- equipment and materials appropriate for motor sport event scrutineering, including PPE and testing equipment.
