Assessment Requirements for AURMSA001 Follow motor sport safety and risk management procedures

Release: 1

Assessment Requirements for AURMSA001 Follow motor sport safety and risk management procedures

Modification History

Release	Comment
Release 1	New unit of competency.

Performance Evidence

Before competency can be determined, individuals must demonstrate they can perform the following according to the standards defined in this unit's elements, performance criteria, range of conditions and foundation skills:

- work safely throughout one entire motor sport event, in which the work must involve:
 - carrying out a hazard inspection at the event
 - identifying, controlling and reporting a hazard identified at the event
 - identifying fire safety equipment at the event and its correct application
 - identifying emergency evacuation procedures and responsibilities of self and co-workers at the event.

Knowledge Evidence

Individuals must be able to demonstrate knowledge of:

- basic aspects of relevant state or territory safety legislation, including:
 - employer responsibilities for safety of motor sport personnel
 - employee responsibilities for participating in work health and safety (WHS) practices and procedures
 - employee responsibility to ensure the safety of self and others in the motor sport workplace
- common motor sport workplace hazards, risks and emergency situations
- basic principles and procedures for identifying and controlling hazards and assessing risk
- procedures for reporting hazards
- WHS symbols and signs
- common types and uses of personal protective equipment (PPE)
- common types and application of fire extinguishers
- emergency response procedures.

Assessment Conditions

Assessors must satisfy NVR/AQTF assessor requirements.

Competency is to be assessed in the workplace or a simulated environment that accurately reflects performance in a real workplace setting.

Assessment must include direct observation of tasks.

Where assessment of competency includes third-party evidence, individuals must provide evidence that links them to having followed safety and risk management procedures in a motor sport workplace, e.g. risk assessment sheet.

Assessors must verify performance evidence through questioning on skills and knowledge to ensure correct interpretation and application.

The following resources must be made available:

- motor sport event or workplace
- fire safety equipment required for the motor sport environment
- workplace information on WHS policies and procedures
- PPE specific to the event.
