AURSS00045 Vehicle Refrigerant Recovery Skill Set

Modification History

Release	Comments
2	Superseded units updated
1	This skill set was first released in AUR Automotive Retail, Service and Repair Training Package Release 3.0.

Description

This is a skill set covering the fundamental requirements for recovering air conditioning refrigerants from vehicles in the automotive retail, service and repair industry.

Pathways Information

The skill set may be undertaken in addition to or as part of an automotive qualification or as a stand alone skill set.

Licensing/Regulatory Information

This skill set involves licensing, legislative, regulatory or certification requirements.

Readers should ensure that they have also read the part of the Training Package that outlines licensing and regulatory requirements.

Skill Set Requirements

Code	Title
AURETU102	Recover vehicle refrigerants

Pre-requisite Requirements

There are no prerequisite requirements for this skillset.

Target Group

This skill set targets persons working in an automotive parts dismantler/parts recycler workplace or those working in the automotive industry that require the skills and knowledge to recover vehicle refrigerants from end of life vehicles in an automotive workplace.

Skill Set Mapping Information

Previous Code and Title	Equivalence
AURSS00022 Vehicle Refrigerant Recovery Skill Set	Equivalent

Suggested Words for Statement of Attainment

This unit of competency is drawn from the AUR Automotive Retail, Service and Repair Training Package and meet the needs of those employed within an automotive parts dismantler/parts recycler/vehicle wrecking yard.
