Assessment Requirements for AURVTP007 Touch up minor vehicle paintwork damage

Release: 1

Assessment Requirements for AURVTP007 Touch up minor vehicle paintwork damage

Modification History

Release	Comment
Release 1	New unit of competency.

Performance Evidence

Before competency can be determined, individuals must demonstrate they can perform the following according to the standard defined in this unit's elements, performance criteria, range of conditions and foundation skills:

- touch up the damaged paintwork on two different vehicles, in which the work must include:
 - blending and clearing a vehicle panel
 - partially blending and fading out blend on a vehicle panel.

Knowledge Evidence

Individuals must be able to demonstrate knowledge of:

- work health and safety (WHS) and occupational health and safety (OHS) requirements relating to touching up minor vehicle paintwork damage, including procedures for:
 - selecting and using personal protective equipment (PPE)
 - using technical data sheets (TDS) and safety data sheets (SDS) for paint and cleaning materials
 - handling and storing paint and cleaning materials
 - using tools and equipment
- environmental requirements, including procedures for trapping, storing and disposing of waste materials
- paint manufacturer specifications
- types and features of paint materials, including:
 - primers
 - water-based paints
 - two-part enamels
 - hardeners

- paint reducers
- abrasives and polishes
- glazes and sealants
- types and use of painting equipment, including:
 - types of spray guns and maintenance requirements
 - spray gun techniques
 - correct use of positive air feed masks
- paint touch-up techniques, including:
 - surface preparation methods
 - paint mixing procedures
 - paint application methods
 - paint drying methods and procedures
- procedures for protecting vehicle and components during paintwork touch-up
- procedures for final inspection of completed paint touch-up.

Assessment Conditions

Assessors must satisfy NVR/AQTF assessor requirements.

Competency is to be assessed in the workplace or a simulated environment that accurately reflects performance in a real workplace setting.

Assessment must include direct observation of task.

Where assessment of competency includes third-party evidence, individuals must provide evidence that links them to the damaged vehicle paintwork that they have touched up, e.g. repair orders.

Assessors must verify performance evidence through questioning on skills and knowledge to ensure correct interpretation and application.

The following resources must be made available:

- automotive repair workplace or simulated workplace
- workplace instructions
- TDS and SDS for paint and cleaning materials
- PPE to touch up paint
- paint materials required for paint touch-up
- two different vehicles or panels requiring paint touch-up
- tools, equipment and materials appropriate for applying paint touch-up techniques.
