Assessment Requirements for AURVTP131 Cut and polish painted vehicle body panels

Release: 1

Assessment Requirements for AURVTP131 Cut and polish painted vehicle body panels

Modification History

Release	Comments
Release 1	This version first released with AUR Automotive Retail, Service and Repair Training Package Version 6.0

Performance Evidence

The candidate must demonstrate the ability to complete the tasks outlined in the elements, performance criteria and foundation skills of this unit, including evidence of the ability to:

- cut and polish the body panels of at least one vehicle.

Knowledge Evidence

The candidate must be able to demonstrate knowledge to complete the tasks outlined in the elements, performance criteria and foundation skills of this unit, including knowledge of:

- methods to locate and interpret information required to cut and polish painted vehicle body panels, including:
 - information provided by customer and supervisors
 - manufacturer specifications and procedures or equivalent documentation
- workplace procedures required to cut and polish painted vehicle body panels, including:
 - establishing serviceability of tools and equipment
 - documentation procedures
 - housekeeping procedures, including:
 - examination of tools and equipment
 - storage of equipment
 - identification, tagging and isolation of faulty equipment
 - disposal of excess materials
 - recycling procedures
- work health and safety (WHS) requirements relating to cutting and polishing painted vehicle body panels, including procedures for:
 - selecting and using personal protective equipment (PPE), including safety glasses, ear protection and safety footwear
 - using hand tools

- environmental requirements, including procedures for trapping, storing and disposing of polishing materials
- types of vehicle panel paints and finishes and implications for choice of polishing materials
- vehicle panel cutting and polishing procedures, including:
 - types and applications of polishing materials, including methods for testing on vehicle paints and finishes
 - types, application and operation of polishing equipment
- procedures for final inspection of cut and polished vehicle body panels.

Assessment Conditions

Competency is to be assessed in the workplace or a simulated environment that accurately reflects performance in a real workplace setting.

Assessment must include direct observation of tasks.

Where assessment of competency includes third-party evidence, individuals must provide evidence that links them to the body panels that they have cut and polished, e.g. repair orders.

Assessors must verify performance evidence through questioning on skills and knowledge to ensure correct interpretation and application.

The following resources must be made available:

- automotive repair workplace or simulated workplace
- PPE for cutting and polishing vehicle panels
- one vehicle requiring its body panels to be cut and polished
- tools, equipment and materials for cutting and polishing vehicle panels.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
