Assessment Requirements for AURVTT013 Fabricate and fit loose and fitted covers to vehicle seats and components

Release: 1

Assessment Requirements for AURVTT013 Fabricate and fit loose and fitted covers to vehicle seats and components

Modification History

Release	Comment
Release 1	New unit of competency.

Performance Evidence

Before competency can be determined, individuals must demonstrate they can perform the following according to the standard defined in this unit's elements, performance criteria, range of conditions and foundation skills:

- fabricate and assemble one loose and one fitted cover to the seats of two different vehicles.

Knowledge Evidence

Individuals must be able to demonstrate knowledge of:

- work health and safety (WHS) and occupational health and safety (OHS) requirements relating to fabricating and fitting loose and fitted covers to vehicle seats and components, including procedures for:
 - selecting and using personal protective equipment (PPE)
 - using specialist tools and equipment
 - manual handling vehicle components
- environmental requirements, including procedures for storing and disposing of waste materials
- type, use and basic maintenance of tools and equipment
- designs and styles of different types of covers
- types of materials and consumables and their applications, including:
 - fabrics
 - fasteners
 - adhesives
- methods and techniques for fabricating loose and fitted covers, including:
 - material selection
 - planning

- measuring
- marking out
- cutting
- sewing
- methods and techniques for fitting and fastening loose and fitted covers
- procedures for protecting vehicle and components when fitting covers
- procedures for final inspection of fabricated and fitted covers.

Assessment Conditions

Assessors must satisfy NVR/AQTF assessor requirements.

Competency is to be assessed in the workplace or a simulated environment that accurately reflects performance in a real workplace setting.

Assessment must include direct observation of tasks.

Where assessment of competency includes third-party evidence, individuals must provide evidence that links them to the loose and fitted covers that they have fabricated and fitted, e.g. work orders.

Assessors must verify performance evidence through questioning on skills and knowledge to ensure correct interpretation and application.

The following resources must be made available:

- automotive or marine trimming workplace or simulated workplace
- workplace instructions
- PPE required to fabricate and fit loose and fitted covers
- materials required to fabricate and fit loose and fitted covers
- two different vehicles requiring seat covers to be fitted
- tools, equipment and materials appropriate for fabricating and fitting loose and fitted covers.
