Assessment Requirements for AVIO0030 Conduct screening using explosive trace detection equipment

Release: 1

Assessment Requirements for AVIO0030 Conduct screening using explosive trace detection equipment

Modification History

Release 1. This is the first release of this unit of competency in the AVI Aviation Training Package.

Performance Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements, performance criteria and range of conditions on at least one occasion and include:

- clarifying and applying, legislation and workplace procedures relevant to using ETD equipment
- communicating effectively with others using a range of means including verbal, non-verbal, written and digital
- completing relevant documentation
- identifying, selecting, using and routinely checking ETD equipment, processes and procedures
- modifying activities in response to workplace contingencies, risk situations and environments
- preparing persons or articles for ETD sampling
- taking appropriate action in response to security incidents identified using ETD equipment
- working collaboratively with others when using ETD equipment.

Knowledge Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements, performance criteria and range of conditions and include knowledge of:

- contingency procedures for positive results when carrying out screening using ETD equipment
- ETD equipment, alarms and systems
- legislative requirements and workplace procedures for carrying out checks and calibrations of ETD equipment
- methods, techniques and equipment involved when using ETD equipment to screen passengers and/or articles in a transport security environment in accordance with relevant legislation and workplace procedures
- prohibited items and weapons as outlined in legislation
- reporting requirements for security incidents relevant to ETD alarms generated by ETD equipment
- roles and responsibilities of law enforcement officers and/or other government officers within

- a transport security workplace
- transport security restricted areas.

Assessment Conditions

Assessors must hold credentials specified within the Standards for Registered Training Organisations current at the time of assessment.

Assessment must satisfy the Principles of Assessment and Rules of Evidence and all regulatory requirements included within the Standards for Registered Training Organisations current at the time of assessment.

Assessment must occur in workplace operational situations where it is appropriate to do so; where this is not appropriate, assessment must occur in simulated workplace operational situations that replicate workplace conditions.

Assessment processes and techniques must be appropriate to the language, literacy and numeracy requirements of the work being performed and the needs of the candidate.

Resources for assessment must include access to:

- a range of relevant exercises, case studies and/or simulations
- applicable documentation, including workplace procedures, regulations, codes of practice and operation manuals
- relevant materials, tools, equipment and PPE currently used in industry.
