Assessment Requirements for AVIO0034

Identify and manage weapons, explosives and prohibited items

Release: 1

Assessment Requirements for AVIO0034 Identify and manage weapons, explosives and prohibited items

Modification History

Release 1. This is the first release of this unit of competency in the AVI Aviation Training Package.

Performance Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements, performance criteria and range of conditions on at least one occasion and include:

- applying safe handling techniques of weapons, explosives and prohibited items in accordance with legislative requirements, and workplace procedures
- applying safety and environmental procedures relating to firearms, ammunition and other weapons
- applying standard workplace procedures in the storage and care of weapons, explosives and prohibited items
- identifying hazards and applying appropriate WHS/OHS procedures and relevant legislative requirements
- managing weapons, explosives and prohibited items and applying safe handling techniques
- recording and reporting weapon, explosives and prohibited items movement to relevant authorities
- rendering safe a variety of weapons and firearm types
- using communication to effectively confirm information and requirements and seek assistance.

Knowledge Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements, performance criteria and range of conditions and include knowledge of:

- a variety of weapons, firearm types, munitions and prohibited items
- completing relevant documentation
- disposal and storage processes in accordance with legislative requirements
- law enforcement officers and other government officers, their roles and responsibilities within a transport security workplace
- legislation relating to firearms, weapons, explosives and prohibited items
- procedures for handling and storage of identified weapons, explosives, prohibited items
- requirements for handling firearms and other weapons safely
- workplace procedures to accidental discharge of firearms and incidents involving other

weapons for responding.

Assessment Conditions

Assessors must hold credentials specified within the Standards for Registered Training Organisations current at the time of assessment.

Assessment must satisfy the Principles of Assessment and Rules of Evidence and all regulatory requirements included within the Standards for Registered Training Organisations current at the time of assessment.

Assessment must occur in workplace operational situations where it is appropriate to do so; where this is not appropriate, assessment must occur in simulated workplace operational situations that replicate workplace conditions.

Assessment processes and techniques must be appropriate to the language, literacy and numeracy requirements of the work being performed and the needs of the candidate.

Resources for assessment must include access to:

- a range of relevant exercises, case studies and/or simulations
- applicable documentation, including workplace procedures, regulations, codes of practice and operation manuals
- relevant materials, tools, equipment and PPE currently used in industry.
