AVIR0001 Service customer airline contracts

Release: 1

AVIR0001 Service customer airline contracts

Modification History

Release 1. This is the first release of this unit of competency in the AVI Aviation Training Package.

Application

This unit involves the skills and knowledge required to service customer airline contracts in compliance with relevant regulatory requirements of the Civil Aviation Safety Authority (CASA) and national operating standards.

It includes interpreting customer airline contract requirements, coordinating the provision of contracted airline services, handling problems and issues, and completing all required documentation.

This unit addresses aviation non-technical skill requirements (mental, social and personal-management abilities) of aviation personnel and contributes to safe and effective performance in complex aviation operational environments.

Operations are conducted as part of recreational, commercial and military aircraft activities across a variety of operational contexts within the Australian aviation industry.

Work is performed independently or under limited supervision as a single operator or within a team environment.

Licensing, legislative, regulatory or certification requirements are applicable to this unit at time of publication.
