AVISS00086 Aircraft Underwater Escape Skill Set

Release: 1

AVISS00086 Aircraft Underwater Escape Skill Set

Modification History

Release 1. This Skill Set replaces and is equivalent to the AVISS00035 Aircraft Underwater Escape Skill Set.

Description

This Skill Set is for individuals required to undertake aircraft underwater escape and survival, to apply aircraft safety procedures, and to provide basic emergency life support in aviation operational environments.

Pathways Information

The AVISS00086 Aircraft Underwater Escape Skill Set is part of the AVI Aviation Training Package and is a pathway to the Certificate III in Aviation (Cabin Crew) or Certificate III in Airborne Operations.

Licensing/Regulatory Information

Candidates should ensure they have also read the part of the Training Package that outlines licensing and regulatory requirements. Individuals seeking certification should check with the Civil Aviation Safety Authority for specific requirements.

Skill Set Requirements

A total of **3 units** of competency must be attained.

AVIF0023	Apply aircraft safety procedures
AVIF0048	Undertake aircraft underwater escape and survival
HLTAID010	Provide basic emergency life support

Target Group

Individuals in the aviation operational environment who require aircraft underwater escape skills such as airborne observer, flight crew and emergency services personnel who work underwater.

Suggested words for Statement of Attainment

The AVISS00086 Aircraft Underwater Escape Skill Set from the AVI Aviation Training Package meets the industry requirements of individuals working in aviation operational environments who require aircraft underwater escape skills.
