Assessment Requirements for AVIW0037 Deliver pyrotechnics and handheld stores

Release: 1

Assessment Requirements for AVIW0037 Deliver pyrotechnics and handheld stores

Modification History

Release 1. This is the first release of this unit of competency in the AVI Aviation Training Package.

Performance Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements, performance criteria and range of conditions on at least one occasion and include:

- applying precautions and required action to minimise, control or eliminate identified hazards
- completing relevant documentation
- implementing preparation procedures for pyrotechnics and handheld stores
- interpreting and following flight and operational manuals and safety policies
- performing serviceability inspection of pyrotechnics and handheld stores
- reading, interpreting and following relevant regulations, instructions and procedures
- reporting faults or malfunctions promptly in accordance with workplace procedures.

Knowledge Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements, performance criteria and range of conditions and include knowledge of:

- emergencies including:
 - handheld stores
 - pyrotechnics
- preparation procedures of pyrotechnics and handheld stores
- procedures for pyrotechnic and handheld stores delivery
- pyrotechnics or handheld stores
- relevant documentation
- relevant emergency procedures
- relevant legislation and regulations
- serviceability inspection procedures for pyrotechnics and handheld stores
- workplace policies and procedures for storing pyrotechnics and handheld stores.

Assessment Conditions

Assessors must hold credentials specified within the Standards for Registered Training

Organisations current at the time of assessment.

Assessment must satisfy the Principles of Assessment and Rules of Evidence and all regulatory requirements included within the Standards for Registered Training Organisations current at the time of assessment.

Assessment must occur in workplace operational situations where it is appropriate to do so; where this is not appropriate, assessment must occur in simulated workplace operational situations that replicate workplace conditions.

Assessment processes and techniques must be appropriate to the language, literacy and numeracy requirements of the work being performed and the needs of the candidate.

Resources for assessment must include access to:

- a range of relevant exercises, case studies and/or simulations
- applicable documentation, including workplace procedures, regulations, codes of practice and operation manuals
- relevant materials, tools, equipment and personal protective equipment (PPE) currently used in industry.
