Release 1	This qualification first released with BSB Business Services Training Package Version 1.0.

Qualification Description

This qualification reflects the role of individuals who apply specialised knowledge and skills, together with experience in program management across a range of enterprise and industry contexts.

A program is defined as a set of interrelated projects, each of which has a project manager. 'Multiple projects', or 'a program of projects', refers to a number of related projects managed by the same person as a program to achieve organisational objective/s.

It applies to individuals who are program managers, managing or directing a suite of projects (a program) to achieve organisational objectives.

Individuals at this level use initiative and judgement to direct, plan, and lead a range of program functions, with accountability for personal and team outcomes within broad parameters.

They use cognitive and communication skills to identify, analyse and synthesise information from a variety of sources and transfer their knowledge to others, and creative or conceptual skills to express ideas and perspectives or respond to complex problems.
