Release 1	This qualification first released with BSB Business Services Training Package Version 1.0.

Qualification Description

This qualification reflects the role of individuals who apply advanced knowledge and skills in a range of strategic portfolio management roles.

Individuals at this level make high-level autonomous decisions and use initiative and judgement to plan and implement a range of project, program and portfolio management functions in varied contexts.

They have full responsibility and accountability for personal outputs and for the work or function of others.

They use cognitive and creative skills to review, critically analyse, consolidate and synthesise knowledge, in order to generate ideas and provide solutions to complex problems. They use communication skills to demonstrate their understanding of theoretical concepts and to transfer knowledge and ideas to others.
