Release: 1

Assessment Requirements for BSBCUE405 Survey stakeholders to gather and record information

Modification History

Release	Comments
Release 1	This version first released with BSB Business Services Training Package Version 1.0.

Performance Evidence

Evidence of the ability to:

- source, analyse and record information in compliance with organisational requirements
- use professional interview techniques to conduct and record interviews, including audiotapes and statements if applicable to role, according to relevant statutory, regulatory and legislative requirements
- access, store and dispose of information in compliance with legal and organisational requirements.

Note: If a specific volume or frequency is not stated, then evidence must be provided at least once.

Knowledge Evidence

To complete the unit requirements safely and effectively, the individual must:

- identify information types and their sources
- outline procedures and security measures for accessing, storing, retrieving and sharing data from databases
- describe rights of individuals in relation to conduct of interviews and compilation of statements
- identify statutory, regulatory and legislative requirements relating to surveying stakeholders
- outline use of evidence and contact recording technology.

Assessment Conditions

Assessment must be conducted in a safe environment where evidence gathered demonstrates consistent performance of typical activities experienced in the stakeholder relations – customer engagement field of work. This includes access to:

- information and databases for analysis
- relevant legislation, standards and guidelines
- interviewees
- recording equipment.

Assessors must satisfy NVR/AQTF assessor requirements.
