Assessment Requirements for BSBIPR301 Comply with organisational requirements for protection and use of intellectual property

Modification History

Release	Comments
Release 1	This version first released with BSB Business Services Training Package Version 1.0.

Performance Evidence

Evidence of the ability to:

- identify the different types of intellectual property within the organisation
- identify, correctly use and/or update an organisation's intellectual property policies and procedures
- identify the potential of non-compliance issues within an organisation.

Note: If a specific volume or frequency is not stated, then evidence must be provided at least once

Knowledge Evidence

To complete the unit requirements safely and effectively, the individual must:

- describe different types of intellectual property and the key characteristics of each
- outline the relevant organisational policies and procedures in relation to intellectual property
- describe the range of intellectual property residing with the organisation
- describe the relevant legislative requirements as they apply to the job role.

Assessment Conditions

Assessment must be conducted in a safe environment where evidence gathered demonstrates consistent performance of typical activities experienced in the regulation, licensing and risk – intellectual property field of work and include access to:

- relevant legislation, regulations, standards and codes
- relevant workplace documentation and resources
- case studies and, where possible, real situations
- interaction with others.

Assessors must satisfy NVR/AQTF assessor requirements.
