Assessment Requirements for BSBIPR404 Protect and use innovative designs

Release: 1

Assessment Requirements for BSBIPR404 Protect and use innovative designs

Modification History

Release	Comments
Release 1	This version first released with BSB Business Services Training Package Version 1.0.

Performance Evidence

Evidence of the ability to:

- identify issues with the use, management and protection of innovative designs
- develop and implement plans to manage and protect the organisation's innovative designs, and use others' designs legitimately, according to legislative requirements and organisational policies and procedures.

Note: If a specific volume or frequency is not stated, then evidence must be provided at least once.

Knowledge Evidence

To complete the unit requirements safely and effectively, the individual must:

- describe application guidelines, formats and procedures to protect innovative designs
- explain the requirements and purpose for registering a design
- outline relevant legislation concerning designs, including the overlap of intellectual property rights between design protection and copyright
- identify sources of information and advice about protection of designs.

Assessment Conditions

Assessment must be conducted in a safe environment where evidence gathered demonstrates consistent performance of typical activities experienced in the regulation, licensing and risk – intellectual property field of work and include access to:

- information about relevant legislative requirements
- workplace procedures and resources
- information about innovative design protection requirements
- case studies and, where possible, real situations.

Assessors must satisfy NVR/AQTF assessor requirements.
