Release: 1

BSBLED810 Develop human capital

Modification History

Release	Comments
Release 1	This version first released with BSB Business Services Training Package Version 1.0.

Application

This unit describes the skills and knowledge required to identify human capital; to consult on advantages of human capital with internal and external stakeholders or collaborative partners; and to develop and monitor capital value attained through implementation of development activities.

It applies to individuals working to enhance individual, team and organisational capabilities. While not all individuals will operate within an organisation that acknowledges and treats people as a capital asset, training and related people development activities may be advanced by considering principles and practices relating to the concept of human capital.

No licensing, legislative or certification requirements apply to this unit at the time of publication.

Unit Sector

Workforce Development – Learning and Development
