Assessment Requirements for BSBMED305
Apply the principles of confidentiality,
privacy and security within the medical
environment

Assessment Requirements for BSBMED305 Apply the principles of confidentiality, privacy and security within the medical environment

Modification History

Release	Comments
Release 1	This version first released with BSB Business Services Training Package Version 1.0.

Performance Evidence

Evidence of the ability to:

- communicate with others according to accepted codes of conduct
- assess whether information is disclosable
- identify and communicate a conflict of interest
- store records and confidential documentation according to organisational requirements
- identify and store drugs, equipment and materials requiring secure storage appropriately.

Note: If a specific volume or frequency is not stated, then evidence must be provided at least once.

Knowledge Evidence

To complete the unit requirements safely and effectively, the individual must:

- explain enterprise policies and procedures for confidentiality, privacy and security
- identify relevant legislation relevant to confidentiality, privacy, security, record storage and work health and safety practices.

Assessment Conditions

Assessment must be conducted in a safe environment where evidence gathered demonstrates consistent performance of typical activities experienced in the medical services administration field of work and include access to:

- office equipment and resources
- case studies or actual experiences related to confidentiality, privacy and security issues.

Assessors must satisfy NVR/AQTF assessor requirements.
