Modification History

Release	Comments
Release 1	This version first released with BSB Business Services Training Package Version 1.0.

Performance Evidence

Evidence of the ability to:

- analyse and evaluate systems and performance in key areas of the organisation and identify opportunities for improvement, seeking advice from experts as appropriate
- promote the value of creativity, innovation and sustainability and recognise successes
- support the testing and trialling of new ideas and undertake risk management and cost-benefit analysis for options
- plan for and implement improvements using organisation's processes for approvals, project management and change management
- facilitate effective contributions to and communications about continuous improvement and innovation
- capture insights, experiences and ideas for improvements and incorporate them into the organisation's knowledge management systems and future planning.

Note: If a specific volume or frequency is not stated, then evidence must be provided at least once.

Knowledge Evidence

To complete the unit requirements safely and effectively, the individual must:

- outline cost-benefit analysis methods
- describe creativity and innovation theories and concepts
- list organisational learning principles
- identify quality management and continuous improvement theories
- describe relevant risk management concepts
- outline relevant sustainability practices.

Assessment Conditions

Assessment must be conducted in a safe environment where evidence gathered demonstrates consistent performance of typical activities experienced in the management and leadership field of work and include access to:

- relevant workplace documentation and resources
- case studies and, where possible, real situations
- interaction with others.

Assessors must satisfy NVR/AQTF assessor requirements.
