BSBPMG532 Manage project quality

Release: 1

BSBPMG532 Manage project quality

Modification History

Release	Comments
Release 1	This version first released with BSB Business Services Training Package Version 7.0.

Application

This unit describes the skills and knowledge required to manage quality within projects. It involves determining quality requirements, implementing quality control and assurance processes, and using review and evaluation to make quality improvements in current and future projects.

The unit applies to individuals responsible for managing and leading a project in an organisation, business, or as a consultant.

No licensing, legislative, regulatory or certification requirements apply to this unit at the time of publication.

Unit Sector

Business Competence – Project Management

Elements and Performance Criteria

ELEMENT	PERFORMANCE CRITERIA
<i>Elements describe the essential outcomes.</i>	<i>Performance criteria describe the performance needed to demonstrate achievement of the element.</i>
1. Determine quality requirements	1.1 Identify quality objectives and standards with input from relevant stakeholders 1.2 Develop quality metrics for the project and any product output in a quality management plan 1.3 Select quality management methods and tools for resolving quality issues 1.4 Consult with project team and stakeholders on quality requirements
2. Implement quality processes	2.1 Perform quality assurance audit of project processes for compliance with agreed plans 2.2 Assess quality control of project and product output according

ELEMENT	PERFORMANCE CRITERIA
	to agreed quality specifications 2.3 Identify causes of variance to quality metrics and undertake remedial action 2.4 Maintain a quality management system for timely recording of quality audit data
3. Implement project quality improvements	3.1 Review processes and implement agreed changes continually throughout the project life cycle 3.2 Review project outcomes against performance requirements 3.3 Identify and document lessons learned and recommended improvements

Foundation Skills

This section describes language, literacy, numeracy and employment skills incorporated in the performance criteria that are required for competent performance.
