Assessment Requirements for BSBPMG613 Manage benefits

Modification History

Release	Comments
Release 1	This version first released with BSB Business Services Training Package Version 1.0.

Performance Evidence

Evidence of the ability to:

- apply analytical skills to identify and articulate program benefits
- prioritise benefits using decision making skills
- use evaluation skills to measure and assess program benefits performance
- negotiate agreed approaches with stakeholders.

Note: If a specific volume or frequency is not stated, then evidence must be provided at least once.

Knowledge Evidence

To complete the unit requirements safely and effectively, the individual must:

- compare benefit delivery models
- explain decision making theory and analysis applied to benefits assessment
- list types and definition of program benefits
- explain workplace identification and documentation of program benefits
- explain the relationship between program delivery and benefits realisation approaches
- review and evaluate a program benefits realisation.

Assessment Conditions

Assessment must be conducted in a safe environment where evidence gathered demonstrates consistent performance of typical activities experienced in the management and leadership – project management field of work and include:

- access to examples of program workplace documentation related to attaining program benefits
- feedback from stakeholders, which reflects how benefits management was managed for a program.

Assessors must satisfy NVR/AQTF assessor requirements.
