Assessment Requirements for BSBPRC501 Manage procurement strategies

Release: 1

Assessment Requirements for BSBPRC501 Manage procurement strategies

Modification History

Release	Comments
Release 1	This version first released with BSB Business Services Training Package Version 3.0.

Performance Evidence

Evidence of the ability to:

- undertake research and analysis of organisation objectives and policies
- develop procurement objectives and strategies for an organisation, including:
 - performance management frameworks
- implement procurement strategies developed in an organisation
- evaluate and implement improvements to procurement strategies in an organisation.

Note: If a specific volume or frequency is not stated, then evidence must be provided at least once.

Knowledge Evidence

The candidate must be able to demonstrate the following knowledge to effectively complete the tasks outlined in the elements and performance criteria of this unit, and to manage tasks and reasonably foreseeable contingencies in the context of the work role:

- key provisions of relevant legislation that affect procurement and contracting
- key organisational business units
- key industry models for development of procurement strategy
- key components of organisational policies and procedures related to:
 - business terms and conditions for procurement
 - contracting and tendering
 - ethical behaviour
 - procurement processes.

Assessment Conditions

Assessment must be conducted in a safe environment where evidence gathered demonstrates consistent performance of typical activities experienced in the administration – procurement and contracting field of work and include access to:

- organisation policies and procedures
- procurement strategies and relevant procurement records
- office equipment and supplies
- case studies and, where possible, real situations.

Assessors of this unit must satisfy the assessor requirements in applicable vocational education and training legislation, frameworks and/or standards.
