BSBRES411 Analyse and present research information

Release: 1

BSBRES411 Analyse and present research information

Modification History

Release	Comments
Release 1	This version first released with BSB Business Services Training Package Version 3.0.

Application

This unit describes the skills and knowledge required to gather, organise, analyse and present workplace information using available systems and sources. This includes identifying research requirements and sources of information, applying information to a set of facts, evaluating the quality and reliability of the information, and preparing and producing reports.

It applies to individuals in roles in which they are required to apply their broad knowledge of the work environment to analysis and research tasks, evaluate information from a variety of sources and apply solutions to a range of predictable and unpredictable problems.

No licensing, legislation or certification requirements apply to this unit at the time of publication.

Unit Sector

Knowledge Management – Research

Elements and Performance Criteria

ELEMENT	PERFORMANCE CRITERIA
<i>Elements describe the essential outcomes.</i>	<i>Performance criteria describe the performance needed to demonstrate achievement of the element.</i>
1. Identify reliable sources of research information	1.1 Identify potential sources for research information relevant to the organisation requirements 1.2 Assess reliability of potential sources, considering accuracy, authority, audience, relevance and likelihood of bias 1.3 Access research information and extract in a format suitable for analysis, interpretation and dissemination in accordance with organisational requirements 1.4 Store research information, in accordance with organisational requirements

ELEMENT	PERFORMANCE CRITERIA
2. Analyse and synthesise research information	2.1 Clearly define objectives of research ensuring consistency with organisational requirements 2.2 Ensure that information research strategies are relevant to the requirements of the research and aligned to organisational objectives 2.3 Apply information research strategy to obtain relevant information, identifying themes and drawing conclusions in line with established objectives of research 2.4 Demonstrate that assumptions and conclusions used in analyses are clear, justified, supported by evidence and consistent with research and business objectives
3. Present research information	3.1 Identify appropriate methods of reporting, considering the intended audience and relevant organisational requirements 3.2 Report on findings in an appropriate format, style and structure within a pre-determined timeframe 3.3 Report and distribute research findings in accordance with organisational requirements 3.4 Obtain feedback and comments on suitability and sufficiency of findings in accordance with organisational requirements

Foundation Skills

This section describes those language, literacy, numeracy and employment skills that are essential to performance but not explicit in the performance criteria.

Skill	Description
Reading	Analyses and evaluates textual information to develop information research strategies, integrate facts and ideas and meet organisational requirements
Writing	- Gathers, evaluates and integrates information from a range of sources - Presents findings, recommendations and issues in required format using language, structure and style appropriate to audience
Oral Communication	Presents recommendations and issues using language appropriate to audience and according to organisational requirements
Navigate the world of work	Recognises and follows organisational policies and procedures and meets expectations associated with own role

Interact with others	• Selects and uses appropriate communication practices when seeking or sharing information
Get the work done	• Plans, organises and implements tasks to meet organisational requirements • Takes responsibility for the outcomes of routine decisions related directly to own role • Uses the main features and functions of digital technologies and tools to complete work tasks • Recognises and takes responsibility for addressing foreseeable problems in familiar work contexts
