Assessment Requirements for BSBRKG401 Review the status of a record

Modification History

Release	Comments
Release 1	This version first released with BSB Business Services Training Package Version 1.0.

Performance Evidence

Evidence of the ability to:

- review the status of records against set criteria
- prepare and distribute new appraisal reports
- document new implementation process and outcomes
- document the implications of changes to the disposal status of records in the organisation's recordkeeping systems.

Note: If a specific volume or frequency is not stated, then evidence must be provided at least once.

Knowledge Evidence

To complete the unit requirements safely and effectively, the individual must:

- describe the general principles and processes of records management and records management systems, such as:
 - systems of control
 - records continuum theory
 - mandate and ownership of business process
- define issues that relate to a review of records
- explain the organisational policies, strategies and procedures that relate to records access and security.

Assessment Conditions

Assessment must be conducted in a safe environment where evidence gathered demonstrates consistent performance of typical activities experienced in the knowledge management – recordkeeping field of work and include access to:

- relevant workplace documentation and resources

- case studies and, where possible, real situations
- interaction with others.

Assessors must satisfy NVR/AQTF assessor requirements.
