Evidence Guide

The evidence guide provides advice on assessment and must be read in conjunction with the performance criteria, required skills and knowledge, range statement and the Assessment Guidelines for the Training Package.

Overview of assessment	
Critical aspects for assessment and evidence required to demonstrate competency in this unit	Evidence of the ability to: • comply with organisational requirements • demonstrate professional performance in customer contact role • demonstrate effective teamwork • demonstrate knowledge of industry-specific regulatory and legislative requirements.
Context of and specific resources for assessment	Assessment must ensure access to: • relevant information, such as organisational policies, standard operating procedures, performance management guidelines, role position descriptions, and organisational charts • peer and line manager feedback • contact centre environment to observe performance.
Method of assessment	A range of assessment methods should be used to assess practical skills and knowledge. The following examples are appropriate for this unit: • direct questioning combined with review of portfolios of evidence and third-party workplace reports of on-the-job performance by the candidate • direct observation of the candidate working effectively within contact centre environment or simulated environment • oral and/or written questioning to assess knowledge of centre operations and own role • oral and/or written questioning to assess knowledge of regulatory and legislative requirements • review of quality assurance and training records • review of performance management and development documentation • review of peer and line manager feedback.
Guidance information for assessment	Holistic assessment with other units relevant to the industry sector, workplace and job role is recommended, for example: • BSBWOR201A Manage personal stress in the workplace.
