CHCCDE026 Develop and lead community engagement strategies to enhance participation

Modification History

Not applicable.

Application

This unit describes the performance outcomes, skills and knowledge required to apply advanced community engagement skills to increase participation in the community development environment.

The high-level engagement skills described in this unit apply to a range of workplace contexts involving skill development, application and evaluation of engagement strategies to ensure effective community participation in relevant projects and activities.

This unit applies to workers using a community development approach to carry out work in the health, community services or other sectors. Workers at this level are part of a professional team and have the responsibility of supervision of others.

The skills in this unit must be applied in accordance with Commonwealth and State or Territory legislation, Australian standards and industry codes of practice.

No occupational licensing, certification or specific legislative requirements apply to this unit at the time of publication.
