Assessment Requirements for CHCCDE030 Facilitate the development of community capacity to manage place making

Release: 1

Assessment Requirements for CHCCDE030 Facilitate the development of community capacity to manage place making

Modification History

Not applicable.

Performance Evidence

Evidence of the ability to complete tasks outlined in elements and performance criteria of this unit in the context of the job role, and:

- conduct research to identify priorities, strengths and assets, including information, skills and opportunities for involvement in place management of one community
- use research outcomes to support one community to develop, implement and monitor a place plan.

Knowledge Evidence

Demonstrated knowledge required to complete the tasks outlined in elements and performance criteria of this unit:

- sources of comprehensive, demographic and cultural resource information
- strategies for involving a diverse community in planning and activities
- community cultural development philosophy and practice
- community networks
- planning controls, permissions and constraints
- factors that describe a 'place'
- place management principles
- asset-based community development
- community engagement principles
- individual character of a place and a collective vision
- multi-disciplinary programs, policies and initiatives relevant to specific community groups
- capacities for building partnerships between key stakeholders
- event coordination and marketing techniques.

Assessment Conditions

Skills must be demonstrated in the workplace or in a simulated environment that reflects workplace conditions.

Assessment must ensure:

- access to facilities, equipment and resources that reflect real working conditions and model industry operating conditions and contingencies

- access to organisational policies and procedures
- opportunities for engagement with community stakeholders.

Assessors must satisfy the Standards for Registered Training Organisations' requirements for assessors.
