Assessment Requirements for CHCHCS002 Coordinate and monitor home based support

Release: 1

Assessment Requirements for CHCHCS002 Coordinate and monitor home based support

Modification History

Release	Comments
Release 1	This version was released in <i>CHC Community Services Training Package release 2.0</i> and meets the requirements of the 2012 Standards for Training Packages. Minimal change to the elements and performance criteria. New evidence requirements for assessment including volume and frequency requirements. Significant changes to knowledge evidence.

Performance Evidence

The candidate must show evidence of the ability to complete tasks outlined in elements and performance criteria of this unit, manage tasks and manage contingencies in the context of the job role. There must be evidence that the candidate has:

- coordinated and monitored services to at least 2 people in different home and community support settings

Knowledge Evidence

The candidate must be able to demonstrate essential knowledge required to effectively complete tasks outlined in elements and performance criteria of this unit, manage tasks and manage contingencies in the context of the work role. This includes knowledge of:

- legal and ethical considerations for home based support services, including:
 - codes of practice
 - basic home fire safety and associated state/territory smoke alarm legislation
 - dignity of risk
 - duty of care
 - privacy, confidentiality and disclosure
 - practice standards
 - relevant organisation procedures, policies, awards and standards and how to access them
 - work role boundaries for people working in the community, responsibilities and limitations

- work health and safety (WHS)
- emergency response procedures
- WHS risk assessment in the home and community workplace environment
- strategies to determine needs of older people and people with disabilities in a home and community environment
- the nature and significance of working in the person's home and in community venues
- personal and property security procedures

Assessment Conditions

Skills must have been demonstrated in the workplace or in a simulated environment that reflects workplace conditions. Where simulation is used, it must reflect real working conditions by modelling industry operating conditions and contingencies, as well as, using suitable facilities, equipment and resources.

Assessors must satisfy the Standards for Registered Training Organisations (RTOs) 2015/AQTF mandatory competency requirements for assessors.
