## Assessment Requirements for CHCSOH011 Develop social housing enterprise opportunities

### Modification History

| Release   | Comments                                                                                                                                                                                                                                                                                                                                                               |
|-----------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Release 1 | <p>This version was released in <i>CHC Community Services Training Package release 2.0</i> and meets the requirements of the 2012 Standards for Training Packages.</p> <p>Significant changes to performance criteria</p> <p>New evidence requirements for assessment including volume and frequency requirements</p> <p>Significant changes to knowledge evidence</p> |

### Performance Evidence

The candidate must show evidence of the ability to complete tasks outlined in elements and performance criteria of this unit, manage tasks and manage contingencies in the context of the job role. There must be evidence that the candidate has:

- conducted 1 feasibility study and risk assessment for at least 1 new business project
- initiated, managed and evaluated 1 new business project for a social housing provider

### Knowledge Evidence

The candidate must be able to demonstrate essential knowledge required to effectively complete tasks outlined in elements and performance criteria of this unit, manage tasks and manage contingencies in the context of the work role. This includes knowledge of:

- relevant legislation, regulations, policies and procedures including:
  - basic knowledge of taxation requirements
  - industry standards
- budgeting and financial management techniques, including:
  - how to conduct a feasibility study
  - how to prepare and revise a budget
  - sources of funding and how to locate opportunities
- principles of project management, including:
  - change management processes
  - risk management
- protocols for writing funding submissions

## Assessment Conditions

Skills must have been demonstrated in the workplace or in a simulated environment that reflects workplace conditions. Where simulation is used, it must reflect real working conditions by modelling industry operating conditions and contingencies, as well as, using suitable facilities, equipment and resources.

Assessors must satisfy the Standards for Registered Training Organisations (RTOs) 2015/AQTF mandatory competency requirements for assessors.
