Licensing/Regulatory Information

Not Applicable

Skill Set Requirements

Units

CHCIC301E Interact effectively with children

CHCOHC303B Use basic oral health screening tools

CHCOHC402A Support clients and groups to learn practical aspects of oral health care

Target Group

Target group

This skill set has been endorsed by industry as appropriate for people who hold a qualification at Certificate III level or higher or who have commensurate industry skills as evaluated through recognition of prior learning processes.

It provides a set of skills for providing children with information about basic oral hygiene and care through the provision of educational and motivational information including the demonstration of oral hygiene practices and techniques where appropriate.

Application of this skill set is intended to support clients to maintain an appropriate level of oral health care and to identify potential oral health issues for referral to an appropriate oral health practitioner.

Suggested words for Statement of Attainment

Required form of words for Statement of Attainment	This skill set meets industry requirements as specified in the CHC08 Community Services Training Package or HLT07 Health Training Package for work in providing oral health information, instruction and screening as part of a role in providing direct client services
