CPC20120 Certificate II in Construction

Release 3

CPC20120 Certificate II in Construction

Modification History

Release 3 This version first released with CPC Construction, Plumbing and Services Training Package Release 6.2.

Imported unit codes updated in Elective list:

- RIICCM210D Install trench support to RIICCM210E Install trench support
- RIIWMG203D Drain and dewater civil construction site to RIIWMG203E Drain and dewater civil construction sites.

Release 2 This version first released with CPC Construction, Plumbing and Services Training Package Release 6.1.

Imported unit code corrected in elective list: RIICCM210E Install trench support to RIICCM310D Install trench support.

Release 1 This version first released with CPC Construction, Plumbing and Services Training Package Release 5.0.

Supersedes and is equivalent to CPC20112 Certificate II in Construction. Updated to meet the Standards for Training Packages 2012.

Qualification Description

This qualification provides an occupational outcome and a range of support tasks applicable to the majority of construction work sites.

Occupational titles may include:

- builder's labourer.

The qualification has core units of competency that are required in many Certificate III qualifications. The elective options are structured to allow choice from a range of units aligned at Certificate III level and in total could provide meaningful credit in a construction industry Australian Apprenticeship.

Completion of the general construction induction training program, specified in the Safe Work Australia model *Code of Practice: Construction Work*, is required by anyone carrying out construction work. Achievement of *CPCCWHS1001 Prepare to work safely in the construction industry* meets this requirement.

Entry Requirements

There are no entry requirements for this qualification.

Packaging Rules

To achieve this qualification, the candidate must demonstrate competency in 15 units of competency:

- 10 core units
- 5 elective units.

The elective units are to be chosen as follows:

- up to 5 units from the elective units below
- one unit may be chosen from Certificate I, II or III qualifications in CPC Training Package or another current Training Package or accredited course, provided the integrity of the AQF alignment is ensured, and they contribute to a valid, industry-supported vocational outcome.

Prerequisite units of competency

An asterisk (*) against a unit code below indicates that there is a prerequisite requirement that must be met. Prerequisite unit(s) must be assessed before assessment of any unit of competency with an asterisk. Check the unit of competency for information on specific prerequisite requirements. All prerequisite requirements are packaged in the qualification.

Core units

CPCCCM2005*	Use construction tools and equipment
