CPC30116 Certificate III in Shopfitting

Release 2

CPC30116 Certificate III in Shopfitting

Modification History

Release 1 This version first released with CPC Construction, Plumbing and Services Training Package Release 2.0.

Revised qualification replacing superseded non-equivalent CPC31812 Certificate III in Shopfitting.

Release 2 This version first released with CPC Construction, Plumbing and Services Training Package Release 4.0.

Two imported units updated to latest releases:

- BSBSMB421 supersedes and equivalent to BSBSMB406
- MSFGG3036 supersedes and not equivalent to MSFGG3017

Qualification Description

This qualification reflects the role of shopfitters who construct or renovate high quality retail environments, including preparing walls and floors and fabricating, installing and finishing shopfronts, internal shopfitting units and partitions.

Completion of the general induction training program specified by the National Code of Practice for Induction Training for Construction Work (ASCC 2007) is required before entering a construction work site. Achievement of unit CPCCOHS1001A covers this requirement.

Licensing, legislative, regulatory or certification requirements apply to shopfitting in some States. Relevant state and territory regulatory authorities should be consulted to confirm those requirements.

This qualification is suitable for an Australian apprenticeship pathway.

Entry Requirements

There are no entry requirements for this qualification.

Packaging Rules

To achieve this qualification, competency must be demonstrated in:

- 17 units of competency:
 - 11 core units
 - 6 elective units.

The elective units must ensure the integrity of the AQF alignment and contribute to a valid, industry-supported vocational outcome and are to be chosen as follows:

- all 6 units may be chosen from Group A
- a minimum of 4 units must be chosen from Group A
- up to 2 units may be chosen from Group B or from other CPC Certificate III or Certificate IV qualifications, or another current Training Package or accredited course, provided they do not duplicate the outcome of another unit chosen for the qualification.

Core units

CPCCCM3004	Identify and apply information in construction plans, drawings and specifications
CPCCCM3006	Carry out levelling operations
CPCCJN3001	Process materials to produce components using static machines
CPCCSH3001	Fabricate shopfitting components using CNC machines
CPCCSH3002	Fabricate and assemble shopfront structures
CPCCSH3003	Assemble and install shopfront structures
CPCCSH3004	Assemble internal shopfitting units and prepare for transport
CPCCSH3005	Apply and trim decorative additions to shopfittings and components
CPCCSH3007	Install prefabricated internal shopfitting units
CPCCSH3008	Install internal shop walls and fixtures
CPCCWHS3001	Identify construction work hazards and select risk control strategies

Elective units

Group A

CPCCSH3006	Prepare shopfittings and surfaces and apply liquid finishes
CPCCSH3009	Demolish shopfronts and bulkheads
CPCCSH3010	Prepare shop floors for new coverings

CPCCWC3004	Install suspended ceilings
MSFFM3009	Produce manual and computer-aided production drawings
MSFFM3011	Measure and draw site layout for manufactured furniture products
MSFFM3020	Fabricate synthetic solid surface products
MSFGG3036	Install commercial glazing products

Group B

BSBSMB301	Investigate micro business opportunities
BSBSMB421	Manage small business finances
CPCCCM2010	Work safely on scaffolding higher than two metres
CPCCCM3005	Calculate costs of construction work
CPCCLHS3001A	Licence to operate a personnel and materials hoist

Qualification Mapping Information

No equivalent qualification.
