Release 1 This version first released with CPC Property Services Training Package Release 5.0.

Supersedes and is equivalent to CPC30116 Certificate III in Shopfitting. Updated qualification to meet Standards for Training Packages 2012.

Qualification Description

This qualification reflects the role of shopfitters who construct or renovate commercial premises such as retail or office environments. It includes the skills and knowledge required to work safely using tools and equipment and to apply information from plans and drawings to fabricate, assemble and fix shop fronts and install internal units and partitions.

Occupational titles may include:

- shopfitter.

Licensing, legislative or certification requirements may apply to shopfitting in some states and territories. Relevant state and territory regulatory authorities should be consulted to confirm those requirements.

Completion of the general construction induction training program, specified in the Safe Work Australia model *Code of Practice: Construction Work*, is required by anyone carrying out construction work. Achievement of CPCCWHS1001 *Prepare to work safely in the construction industry* meets this requirement.

Entry Requirements

There are no entry requirements for this qualification.

Packaging Rules

To achieve this qualification, competency must be demonstrated in:

- 18 units of competency:
 - 12 core units
 - 6 elective units.

For the elective units:

- a minimum of four units must be selected from Group A
- the remaining two units can be selected from Group A and/or Group B or from any currently endorsed Training Package or accredited course as long as they contribute to a valid, industry-supported vocational outcome and maintain the integrity of the Australian Qualifications Framework (AQF) level of this qualification.

Prerequisite units

An asterisk (*) against a unit code below indicates that there is a prerequisite requirement that must be met. Prerequisite units must be assessed before assessment of any unit of competency with an asterisk. Check the unit of competency for information on specific prerequisite requirements.
