Qualification Description

This qualification provides a trade outcome in solid plastering for residential and commercial work. The qualification has core unit of competency requirements that cover common skills for the construction industry, as well as the specialist field of work, solid plastering. Solid plasterers apply plaster, cement and other mixtures to walls to create smooth or decorative finishes to interior walls and to render to exterior walls.

Occupational titles may include:

- Solid Plasterer
- Renderer.

State and territory jurisdictions may have different licensing, legislative, regulatory or certification requirements. Relevant state and territory regulatory authorities should be consulted to confirm those requirements.

This qualification is suitable for an Australian apprenticeship pathway.

Completion of the general construction induction training program, specified in the Safe Work Australia model *Code of Practice: Construction Work*, is required by anyone carrying out construction work. Achievement of *CPCCWHS1001 Prepare to work safely in the construction industry* meets this requirement.

Entry Requirements

There are no entry requirements for this qualification.

Packaging Rules

To achieve this qualification, the candidate must demonstrate competency in:

- 20 units of competency:

- 15 core units
