Assessment Requirements for CPCCE4001 Plan and prepare for activities on demolition sites

Release: 2

Assessment Requirements for CPCCE4001 Plan and prepare for activities on demolition sites

Modification History

Release 2 Updated reference to general construction induction training program.

Release 1 This version first released with CPC Construction, Plumbing and Services Training Package Release 5.0.

Supersedes and is equivalent to CPCCE4001A Plan and prepare for activities on demolition sites. Updated to meet the Standards for Training Packages 2012.

Performance Evidence

To demonstrate competency in this unit, a candidate must plan and prepare for activities on two different large demolition projects, one of which must involve a structure above 15 metres in height.

In doing this, the candidate must:

- assess demolition site and scope of work
- schedule demolition activities
- prepare safe work method statements (SWMS) for demolition activities
- arrange resources for demolition activities
- conduct site induction and team briefing for demolition project.

In doing this, the candidate must meet the performance criteria for this unit.

Knowledge Evidence

To be competent in this unit, a candidate must demonstrate knowledge of:

- the compliance requirements of the relevant Australian Standards, Building Code of Australia (BCA), model codes of practice, environmental and work health and safety (WHS) legislation
- contract management strategies
- customer service strategies
- demolition procedures, techniques and safety requirements
- demolition site inspection procedures
- hazards and risks existing or arising on demolition sites and relevant risk management strategies
- legislation, regulations, codes and standards relating to different stages of the demolition process

- plant, tools and equipment required for demolition tasks:
 - permits and licences required
 - safe operating procedures
- project management strategies
- quality management strategies
- team leadership strategies.

Assessment Conditions

Assessors must satisfy the requirements for assessors contained in the Standards for Registered Training Organisations.

Assessment of performance must be undertaken in the workplace or in a simulated workplace environment

Assessors are responsible for ensuring that the candidate demonstrating competency has access to:

- worksite/s and specifications for planning and preparing for activities on demolition sites
- appropriate documents, materials, tools, equipment and personal protective equipment (PPE) currently used in industry
- requirements of workplace policies, procedures and demolition plans.
