Assessment Requirements for CPCCON3044 Apply decorative finishes to concrete

Release: 2

Assessment Requirements for CPCCON3044 Apply decorative finishes to concrete

Modification History

Release 2	Updated reference to general construction induction training program.
Release 1	This version first released with CPC Construction, Plumbing and Services Training Package Release 5.0. Supersedes and is equivalent to CPCCCO3044 Apply decorative finishes to concrete.

Performance Evidence

To demonstrate competency, a candidate must meet the elements and performance criteria of this unit by applying a finish selected from the list below to a minimum of twenty square metres of concrete on two different occasions:

- coloured concrete
- exposed aggregate
- pattern paving/stamping
- polished concrete
- stencilling.

Knowledge Evidence

To be competent in this unit, a candidate must demonstrate knowledge of:

- compliance requirements of legislation, regulations and Australian Standards relevant to the application of decorative finishes to concrete:
 - environmental protection:
 - wash-off and preventing contamination to drains and stormwater
 - waste disposal
 - finish specifications
 - work health and safety (WHS)
- health risks associated with silica dust exposure
- techniques, equipment, tools and materials used to apply the following decorative finishes to concrete:
 - coloured concrete
 - exposed aggregate
 - pattern paving/stamping

- polished concrete
- stencilling
- purpose of construction, contraction, control and expansion joints:
 - doweling systems
 - installation methods
- types of drawings and specifications used to interpret material quantities and finish requirements
- workplace requirements for applying decorative finishes to concrete:
 - cleaning up the work area
 - maintaining and storing materials, tools and equipment
 - quality
 - reporting problems
 - safety requirements including personal protective equipment (PPE).

Assessment Conditions

Assessors must meet the requirements for assessors contained in the Standards for Registered Training Organisations.

Assessment must be conducted in the workplace or a simulated workplace using realistic conditions, materials, activities, responsibilities, procedures, safety requirements and environmental considerations.

Candidates must have access to documentation, specifications, concrete surfaces, materials, tools and equipment required to achieve the performance evidence.
