Assessment Requirements for CPCCPD2012 Use painting and decorating tools and equipment

Release: 3

Assessment Requirements for CPCCPD2012 Use painting and decorating tools and equipment

Modification History

- Release 3 Updated reference to general construction induction training program.
- Release 2 This version first released with CPC Construction, Plumbing and Services Training Package Release 6.4.
- Correction to Training Package title in the Modification History from CPC Property Services to CPC Construction, Plumbing and Services Training Package.
- Release 1 This version first released with CPC Property Services Training Package Release 5.0.
- Supersedes and is equivalent to CPCCPD2012A Use painting and decorating tools and equipment. Updated to meet the Standards for Training Packages 2012.

Performance Evidence

To demonstrate competency, a candidate must meet the performance criteria of this unit by using, maintaining and storing all the tools and equipment listed below over the course of three separate painting and decorating tasks, with each task involving an area of at least six square metres.:

- brushware and accessories
- buckets
- covers and drop sheets
- duster brushes
- filling knives and blades
- hammers and nail punches
- hand sanders
- heat guns
- mechanical sanders, including:
 - belt
 - disc
 - orbital
 - random orbital
- paint pots
- paint stirrers

- putty knives
- roller frames and accessories
- scrapers
- wire brushes
- high-pressure washers
- water treatment units.

All work must be performed to the standard required in the workplace and must meet the requirements of work health and safety (WHS), Commonwealth and state or territory legislation, manufacturers' specifications, and environmental plans and obligations.

Knowledge Evidence

To be competent in this unit, a candidate must demonstrate knowledge of:

- safety requirements relevant to using painting and decorating tools and equipment
- environmental requirements relevant to using painting and decorating tools and equipment
- types, characteristics, uses and limitations of painting and decorating hand tools, power tools and equipment, including:
 - brushware and accessories
 - buckets
 - covers and drop sheets
 - duster brushes
 - filling knives and blades
 - hammers
 - hand sanders
 - heat guns
 - mechanical sanders:
 - belt
 - disc
 - orbital
 - random orbital
 - nail punches
 - paint pots
 - paint stirrers
 - putty knives
 - roller frames and accessories
 - scrapers
 - wire brushes
 - high-pressure washers
 - water treatment units
 - dust extraction units.

Assessment Conditions

Assessors must meet the requirements for assessors contained in the Standards for Registered Training Organisations.

This unit must be assessed:

- in the workplace or a close simulation of the workplace environment, provided that simulated or project-based assessment techniques replicate construction workplace conditions, materials, activities, responsibilities and procedures.
- using realistic tasks or simulated tasks, relevant specifications and work instructions, standard work practices, safety requirements and environmental constraints.
